

TEND Lab Members Receive Travel Award!

TEND Lab members Katrina Cole (research assistant), Cindy Kiefer (Masters student), Karen Schwartz (PhD student), and Maria Kryza-Lacombe (PhD Student) won SDSU Center for Clinical and Cognitive Neuroscience (CCN) Student Travel Awards. They will be presenting TEND Lab research at the Society for Biological Psychiatry and Social Affective Neuroscience Society conferences. Their presentations to leaders in the field will be on brain imaging findings in youths at risk for psychopathology because their mothers have depression, youths with irritability and autism, and children and adults with bipolar disorder.
